

MR1035-1111/CIP  
Appln. No. 10/667,341  
Reply to Office Action dated 11/22/2004

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 22 November 2004. In the Official Action, the Examiner has found two inventions, namely, Group I directed to Claims 1-9 drawn to the eyeglass frame with a soft pad place inside of the frame; and Group II directed to Claims 10-16 drawn to rimless with soft pad place inside of the lens. The Examiner has required that Applicant choose one Group for further prosecution in this case.

By this Amendment and Response, Applicant elects Group I directed to Claims 1-9. Claims 10-16 have been withdrawn.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
